The criss cross molding design on the Essex is reminiscent of Tudor style windows. This stylish cabinet bed comes in three finishes: Ash, white and black. The black and white are painted. The ash is a pickeled finish on Acacia veneer that shows natural wood features. At the beach its driftwood feel blends perfectly; at the cabin it's rustic; and in urban decors a chic found object. Wherever you need an extra bed the Creden-ZzZ cabinet bed is a winner.
